

Stefan Pazevic

Software Developer

Professional Summary

Hi, my name is Stefan Pazevic and I am a software engineer with skills in Javascript, CSS and HTML, React, Express, and Python. I have a strong sense of project vision and have a knack for tackling large problems. It is my desire to help create products that bring a positive experience to our users and have them enjoy using them. In order to accomplish this I will bring a good work ethic and a positive outlook to work everyday
